Criteria for the Award (quoted from the History of the Foster-Scholz Club):

The last event of the year is traditionally the Foster-Scholz Club luncheon during Reunions. This luncheon honors the 50th and 60th Reunion classes as special guests. Also on this occasion, the Club usually confers the Distinguished Service Award. This tradition was begun in 1975 or so and is designed to recognize a Club member (in Portland or not) who has made major contributions to the community and/or the College."

Guidelines for selection of recipients affirmed by the selection committee in December 1992 and January 1993:

There was discussion of the criteria to be considered in making the award(s). The committee felt it was important to concentrate on the **reunion group**. Other relevant criteria were: the **contribution to the community, consistency of financial support to Reed, a balance among recipients regarding gender, profession, and age**. The award, it was felt, **should not be given posthumously, graduation should not be a**

criterion, and the award should be given to people who have not been honored previously by the school. The number of awards to be given shall remain flexible.
